---

*The staggered deadlines for noncommercial radio and television stations to file Biennial Ownership Reports remain in effect and are tied to each station's respective license renewal filing deadline.*

---

Noncommercial radio stations licensed to communities in **Colorado, Minnesota, Montana, North Dakota, and South Dakota** and noncommercial television stations licensed to communities in **Alabama, Connecticut, Georgia, Maine, Massachusetts, New Hampshire, Rhode Island, and Vermont** must electronically file their Biennial Ownership Reports by **December 1, 2016**. Licensees must file using FCC Form 323-E and must also place the form as filed in their station's public inspection file.

On January 8, 2016, the Commission adopted changes to the ownership report forms and a single national filing deadline for all noncommercial radio and television broadcast stations like the one that the FCC previously established for all commercial radio and television stations. However, until the Office of Management and Budget approves the new forms, noncommercial radio and television stations should continue to file their biennial ownership reports every two years by the anniversary date of the station's license renewal application filing deadline.
