## COVID Highlight Videos:

Given the challenges we have all faced in continuing to broadcast, produce, sell and survive the radio/television industry during the COVID pandemic, NHAB would like to celebrate your resilience, creativity, spirit and Granite State strength. Please share with us a brief, 30-second "COVID Clip" of your work. If it is an audio clip, please send along a photo showing how and where you worked during this timeframe. We intend to piece together a brief video which we intend to share with our partners, allies and with state and federal leaders.

Send clips to [Tracy@nhab.org](mailto:Tracy@nhab.org) by August 7, 2020.

These video clips are symbolic of your outstanding commitment, your unwavering dedication to the field of broadcasting. Thank you.
